DETAILED ACTION

Drawings

1. The drawings were received on 7/19/2005. These drawings are acceptable.

Allowable Subject Matter

2. The following is an examiner's statement of reasons for allowance:

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Claims 1-8 are allowable over prior art of record.

Independent claims 1 and 3 are allowable since the claims recite the application of two separate acceleration pulses at a suitable timing in order to decrease the track jumping time of the actuator.

Claims 2 and 4 are allowed as being dependent upon the aforementioned independent claims.

Independent claims 5 and 6 are allowable since the claims recite the application of two separate acceleration pulses with a brake pulse and a third acceleration pulse in order to decrease the track jump time of the actuator.

Response to Arguments

3. The objection to claims 3 and 4 are withdrawn.

Art Unit: 2651

4. Applicant's arguments, see 9 and 10, filed 7/19/2005, with respect to the claims have been fully considered and are persuasive. The rejection of claims 1-4 has been withdrawn in light of the newly amended claims submitted by Applicant.
